Alan had been working on a **logo** for the association. Richard offered to have a look art wise
Alan had a list of **expenses** incurred setting up and getting the Club 800 rolling. He would bring these to the next meeting for discussion.

The **Container** was ready for delivery when we had a minute!! Sleepers to be obtained and the site levelled.
Nina commented on the **size of the committee**, or lack of it, and hoped we could muster a few more faces for future meetings as we were making decisions on items worthy of more input.

Barn Dance: Alan tried to explain this tradition but as Nicola was the only person present to have attended one decided to call a regrouping of the '**old contemptibles**' to bring it back to life.

Presentable **Collapsible Tables** would be needed at the barn dance for the food as well as supplementing the firewood we have been using over the past 30 years!. Alan to look into prices.

Muir Housing were holding their own special day on the 3rd July at the **McCartney House** that might be worthy of inclusion in gala week.

Deck Chairs, it was felt the stock of deckchairs was depleting and it would be worth starting to look for replacements. All to seek.
